*Try a recipe several times to adjust the spices to your perfect tastes. Don't let your hard earned game meat go to waste.*

*Being an author and big game hunting guide, I am a very successful hunter and I thought I was a good cook. After watching our professional chefs cook sensationally tasting wild game, I realized that I was an amateur. I didn't know that I needed to see how it was cooked for me to create mouth watering delicacies from my own wild game.*

*There are some recipes I cook four or five times a year. For those I only need the printed copies, but for the really great wild game feast, there is nothing better than Wild Things Show, cooking wild game DVD's.*
