*Try a recipe several times to adjust the spices to your perfect tastes. Don't let your hard earned game meat go to waste.*

*Being an author and big game hunting guide, I am a very successful hunter and I thought I was a good cook. After watching our professional chefs cook sensationally tasting wild game, I realized that I was an amateur. I didn't know that I needed to see how it was cooked for me to create mouth watering delicacies from my own wild game. There are some recipes I cook four or five times a year. For those I only need the printed copies, but for the really great wild game feast, there is nothing better than Wild Things Show, cooking wild game DVD's.*

You will never make a box mix for yourself again. This has to be the most versatile All American Dish in the country. You can use it for a side dish or the main course. It can be easily doctored into an outstanding gourmet meal. But you need to start with a fantastic beginning. Spice Chef Starla Batzko and her mother Kathryn Schlamp bring you the best ever Mac n' Cheese you will ever make from scratch.

P.S. Never heat game meat in a microwave.
